## SUMMARY

As a recent graduate, I'm a motivated and adaptable Full Stack Developer with a passion for building secure, responsive, and scalable web applications. I specialize in the MERN stack (MongoDB, Express.js, React.js, and Node.js) and have gained hands-on experience through personal projects. My work includes developing RESTful APIs, implementing user authentication, and seamlessly integrating all full-stack components. I thrive on solving complex problems and am eager to apply my skills and expertise as a fresher in a professional environment.

## SKILLS

**Frontend** – HTML | CSS | JavaScript | React.js | Redux | EJS | Bootstrap | Tailwind CSS | Material UI

**Backend** – Node.js | Express.js | REST API | Middleware | Authentication (Passport.js)

**Databases** – MongoDB | SQL

**Programming** – Java (Basic) | Data Structures & Algorithms

**Tools & Version Control** – VS Code | NPM | Git | GitHub

**Strengths** – Problem Solving | Logic Building | Performance Optimization | Continuous Learning

## PROJECT

### **FarAway – Secure Rental Platform**

- Developed a full-stack web app for creating, managing, and reviewing listings with CRUD operations.
- Implemented secure authentication with Passport.js, session management, and bcrypt password hashing.
- Integrated Cloudinary for image uploads, and built a review system with ratings, validation, and user controls.
- Designed a responsive UI using EJS templates, custom CSS, Bootstrap, and Vanilla JS for interactivity.
- Utilized Node.js, Express.js, MongoDB, and Joi validation for a secure, scalable backend.

### **Vlake – Real-time Chat & Video Calling App**

- Built a full-stack web app for language learning with real-time chat and video calls using Stream API.
- Implemented JWT authentication, friend requests, and notifications for secure social interactions.
- Designed a responsive UI with React, Tailwind CSS, and DaisyUI.
- Developed a RESTful backend using Node.js, Express.js, and MongoDB.
- Integrated state management with Zustand and optimized data fetching using React Query.

## EDUCATION

### **B.Tech (Information Technology)**

Aditya Silver Oak Institute of Technology - Ahmedabad

06/2025

CGPA : 7.57

### **Higher Secondary XII (GSEB)**

Shree Dharmajivan Swami Higher Secondary School - Tarvada

05/2021

Percentage: 72.61%

## CERTIFICATES

### **Web Development - Apna College**

- Completed: July 2025
- Learned full-stack web development and algorithmic problem solving using Java.
- Built multiple functional projects during training to apply concepts in real-world scenarios.

## ACHIEVEMENTS & ACTIVITIES

- Built 2+ full-stack applications with authentication and responsive UI
- Regularly practice coding problems and stay updated with the latest web technologies and trends
- Strong interest in continuous learning and improving development skills

## INTERESTS

- Playing Sports & Logical Games
- Traveling & Cultural Exploration
- Web Surfing & Exploring New Technologies
- Gardening & Nature Care
