📇 SUMMARY

Motivated and adaptable Full Stack Developer with hands-on experience building secure, responsive, and scalable web applications. Specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js), I have developed RESTful APIs, implemented authentication, and integrated frontend and backend systems seamlessly. I thrive on solving complex problems and am eager to contribute as a fresher in a professional environment.

💡 SKILLS

Frontend — HTML ∣ CSS ∣ JavaScript ∣ React.js ∣ Redux ∣ Bootstrap ∣ Tailwind CSS ∣ Material UI

Backend — Node.js ∣ Express.js ∣ REST API ∣ Authentication (JWT)

Databases — MongoDB ∣ SQL

Programming — Java (Basic) ∣ Data Structures & Algorithms

Tools & Version Control — VS Code ∣ Git ∣ GitHub ∣ Postman

Strengths — Problem Solving ∣ Logic Building ∣ Performance Optimization ∣ Continuous Learning

💼 INTERNSHIP

Full Stack Developer Intern – Istosy Infotech | Nov, 2025 – Running
- Collaborated with senior developers on small projects, building responsive UI components and pages.
- Integrated APIs with frontend and ensured smooth functionality across features.
- Worked on mini-projects and tasks assigned by seniors, gaining hands-on experience in both frontend and backend development.
- Assisted in deploying applications to hosting platforms, including environment setup and configuration.
- Learned real-world development workflow, teamwork, and best practices in version control (Git/GitHub).

📂 PROJECT

Full-Stack Social Media Platform 🔗
- Built a full-stack social media web app with user authentication, posts, comments, likes, follow/unfollow, and real-time chat.
- Implemented JWT authentication, secure user sessions, and Cloudinary-based image uploads.
- Designed a responsive and modern UI with React, Tailwind CSS, and Framer-motion.
- Developed a RESTful backend using Node.js, Express, and MongoDB.
- Structured the project with modular components, API routes, and reusable React hooks for maintainability.

Diamond Management System – Full Stack MERN Application 🔗
- Built a full-stack MERN application for managing diamond inventory and business data
- Developed RESTful APIs with Node.js and Express, including authentication and pagination
- Created a responsive React dashboard using reusable components and React Query
- Implemented secure cookie-based authentication and protected routes
- Deployed frontend on Vercel and backend on Render with proper environment configuration

🎓 EDUCATION

B.Tech (Information Technology)   06/2025
Aditya Silver Oak Institute of Technology - Ahmedabad   CGPA : 7.57

Higher Secondary XII (GSEB)   05/2021
Shree Dharmajivan Swami Higher Secondary School - Tarvada   Percentage: 72.61%

📇 CERTIFICATES

Web Development - Apna College
- Completed: July 2025
- Learned full-stack web development and algorithmic problem solving using Java.
- Built multiple functional projects during training to apply concepts in real-world scenarios.
